
Fix for this error: "C:\Program Files (x86)\Adobe\Illustrator CS5.0\Support Files\Contents \Source Filters> Illustrator CS5.0 FilterCache - CreateNewFonts_2013-10-09.exe" Cannot find file "CS5INET.dll". Make sure you typed the name correctly, and then try again

1) Download the font "{FONT}" "Bold Italic" from adobe's website or download it here:
<http://www2.adobe.com/support/downloads/detail.aspx?ocid=TPCS-3225> 2) Copy this font to the folder where you installed adobe illustrator CS5 3) Type the following into the search box (or anywhere in your adobe illustrator): ..\Adobe Illustrator CS5.0\Support Files\Contents \Source Filters>CS5INET.dll, select it and press enter. 4) The font should now be available in the Font Manager (should say "Bold Italic". Select it and use it in your artwork. NOTE: You need to repeat this for every missing font. The error may also appear: "Illustrator CS5.0 FilterCache - CreateNewFonts_2013-10-09.exe" cannot find the file "{FONT}" "Bold Italic"." This means that you didn't copy the font to the folder where you installed adobe illustrator CS5, or that you didn't rename it according to Adobe's naming convention (e.g. "Bold Italic Bebas Neue").
